

Campground regulations

Camping

During the 2010 Gold Cup it is possible to camp around the show site.

IMPORTANT: Restrictions on campground have increased a lot. Among others it is PROHIBITED to place caravans and tents (grooming tents, tents where dogs stay etc.) in the same squares. Special "tents squares", where tents may be placed, will be marked at the site.

Some time during the Gold Cup, the local fire authority will inspect the campground. Violation of the rules given in the campground regulations may result in moving tents, caravans etc or the permit to camp at the site may be withdrawn. Read more below.

Access to the camp ground is possible from 20 July 2010 at 12.00 hrs. and not before. The camp ground must be abandoned no later than 26 July 2010 at 12.00 hrs.

The price for the entire period, including power supply, is 85.00 Euros per unit (family tent, camper, motor home).

The price for large tents (from 30 m² – 60m²) is 180 Euros per tent.

The price for power supply only is 20 Euros for the entire period.

It is not necessary to sign up for camping. The payment will be collected by the officials shortly after arrival at the camp ground.

Any directions given by Newfoundlandklubben i Danmark must unconditionally be adopted. Violation hereof may lead to withdrawal prices obtained at the shows and furthermore one may be expelled from the camp ground and the shows.

See you in Nyborg
